

COMMISSION REFUSES
REDUCTION IN RATES

RULES THAT FREIGHT TARIFFS
FROM EAST TO MISSOURI
POINTS ARE REASON-
ABLE.

NEW HAVEN SITUATION

Senator Weeks Attacks Delay on
Part of Railroad Conference
and Urges Action by
President Wilson.

[BY ASSOCIATED PRESS.]
Washington, March 16.—The inter-
state commerce commission today de-
clined to reduce freight rates via St.
Louis, Mo., on shipments originating
east of the Indiana-Illinois state line
to destinations west of St. Louis or
which Springfield is typical. The
commission held that existing rates
were neither unreasonable nor dis-
criminating.

The roads were given permission to
charge proportional class rates from
St. Louis to Kansas City via the Frisco
line on eastern and southeastern
traffic.

New Haven Situation.
"They are piffing away while
Rome is burning," said Senator
Weeks, republican of Massachusetts,
today, after a conference with Presi-
dent Wilson in which he declared the
New Haven railroad conference with
the department of justice were wast-
ing time and that executive influence
was required to bring them together
promptly.

It was understood that the senators
suggested to the president that he
call in Attorney General Reynolds,
Governor Walsh of Massachusetts,
Chairman Howard Elliott of the New
Haven, and T. W. Gregory, special
counsel for the department of jus-
tice, to bring about an agreement.

Lies With President.
The president had a conference
arranged with the attorney general
later today and it was not supposed
that he would determine upon his
action until then. Senator Weeks
pointed out what he believed to be a
serious aspect of the situation.

"The New Haven," he said, "must
raise about \$100,000,000 in the next
four months to meet maturing obli-
gations and under present conditions
it cannot. There is one man more
who can bring all the various el-
ements together. He is the president
of the United States."

Senator Weeks indicated that he
had not discussed the merits of the
demands of the New Haven and the
department of justice, but empha-
sized the necessity for prompt action.

For Time Extension.
He did not agree with the demand
of the department of justice with re-
ference to the time to be given to the
New Haven for disposal of its hold-
ings in Boston and Maine. He said
that if the period were fixed at three
years the court should have the pow-
er to extend that time if it is deemed ad-
visable. The senator contended that it
was necessary in order to obtain a
better price on the sale and that rail-
roads which knew that the New Haven
had to sell within a certain time
would offer a low price for the prop-
erty.

The attorney general's view is that
the property should be disposed of
within the next two and a half or
three years, before the close of the
present administration, because he
thinks the responsibility for the dis-
solution of the New Haven should
not be left to any future adminis-
tration.

IRATE SUFFRAGETTE
BESTED IN ATTACK

Police Commission Attacked by Wo-
man With Whip and Suffragette Is
Knocked Down in Fight.

[BY ASSOCIATED PRESS.]
Glasgow, March 16.—Dr. James De-
von, prison commissioner of Scotland,
when attacked today by an irate milit-
ant suffragette armed with a dog
whip, took the law in his own hands
and knocked his assailant down with
a well aimed blow.

The woman, whose identity was not
disclosed, met the prison commis-
sioner at the entrance to the Duke
Street prison and belabored him over
the head and shoulders with her whip.
Mr. Devon, who is an advocate of
forceful feeding, and is bitterly op-
posed to what he considers the far-
sical release of suffragettes, because
they are suffering from the effects of
"hunger strikes" promptly knocked
her down. The woman was picked
up by a policeman and placed under
arrest, but Mr. Devon refused to
prosecute her and she was released.

Birmingham, Eng., March 16.—Nine
coaches belonging to the Midland
railway, were burned by a suffragette
 arson squad early today at King's
Norton, six miles from here. Suffra-
gette literature was found littered
about the vicinity.

Judge Davis Starts Fight on Habit
Which Is Steadily Growing Among
Young Boys.

[BY ASSOCIATED PRESS.]
Marinette, March 16.—A campaign
to prevent cigarette smoking among
boys in Marinette has been launched
by Judge A. B. Davis, of the county
court, who asserts that juvenile of-
fenders invariably smoke and that
smoking alone is responsible for a big
percentage of juvenile crime.

The judge proposes to punish all
cigarette smokers brought before him
even if he is obliged to hand out thirty
day sentences which is permissible
under the Wisconsin law. He will
ask District Attorney Miller to co-
operate with him and prosecute all to-
bacco dealers who sell the obnoxious
weeds to the boys.

CLAIM ROBBERY WAS
INTENT TO DEFRAUD

New Light Thrown on Alleged Dia-
mond Robbery in Chicago by
Creditors of Bankrupt
Firm.

[BY ASSOCIATED PRESS.]
New York, March 16.—An after-
math of the reported robbery of Dan-
iel Epner, in Chicago recently of \$50,
000 worth of diamonds, New York
creditors today filed an involuntary
petition in bankruptcy against Ep-
ner's brother, Samuel, a diamond
dealer. The petitioners allege that
Samuel gave the diamonds to his
brother, to conceal "with the intent
to defraud creditors."

MRS. PANKHURST WAS
RELEASED AGAIN SATURDAY

[BY ASSOCIATED PRESS.]
London, March 16.—Mrs. Emmeline
Pankhurst, militant suffragette lead-
er, was again released from Holo-
way jail Saturday. She had started
a "hunger and thirst strike" immedi-
ately after her arrest on Sunday last
at Glasgow, and was in a very weak
and exhausted condition.

TERRE HAUTE MAYOR
IS ON TRIAL TODAY

Argue Motion to Quash Indictment
Charging Conspiracy to Cor-
rupt Election.

[BY ASSOCIATED PRESS.]
Terre Haute, Ind., March 16.—Ar-
guments upon a motion to quash the
indictment marked the opening here
today of the trial of Mayor Tom M.
Roberts on charges of conspiracy to
corrupt election. The motion was pre-
sented by Mayor Roberts' attorneys
last week and were the same as those
made in the trial here three weeks
ago of William Huffman. The motion
to quash the indictments made in
Huffman's case was overruled and he
was found guilty and sentenced to
serve three to ten years in the state
prison.

Court officials requested that Gov.
Ralston furnish protection for the
witnesses and officials during the trial,
but the governor refused to call out
the militia for this purpose. Every
trial witness who enters the court room
today was searched for weapons and
after the court convened the doors
were locked and no one allowed to en-
ter or depart until the noon recess
was taken.

AMBASSADOR GIVES
FULL EXPLANATION

President Wilson Satisfied and Re-
gards Page Incident Closed—
Copy of Speech.

[BY ASSOCIATED PRESS.]
Washington, March 16.—Ambassa-
dor Page's explanation of his London
speech touching upon the Monroe doc-
trine and the Panama canal was sat-
isfactory to President Wilson, who
regards the incident closed so far as
the administration is concerned.
When a full report of the speech is re-
ceived it will be forwarded to the sen-
ate, which asked for it by Senator
Chamberlain's resolution.

President Wilson told callers today
that any agitation over Mr. Page's
reference was caused by a misunder-
standing of what the ambassador said
and that a fuller report of the speech
showed that the ambassador had cor-
rectly stated the situation. The presi-
dent is satisfied that Mr. Page refers
to the Panama canal as "not to please
England" instead of "not merely to
please England."

WOMAN LEADER SENT
AWAY FROM DISTRICT

General in Command in Colorado
Strike, Departs "Mother" Jones
From Hospital.

[BY ASSOCIATED PRESS.]
Trinidad, Colo., March 15.—"Mo-
ther" Mary Jones, noted woman strike
leader, who has been a military pris-
oner in San Rafael Hospital here
since Jan. 12, was put aboard a train
last night and sent out of the coal
strike district. The departure
became known today. It was said this
action was taken at her request and
on orders of Gen. John Chase.

ELLIS ACCEPTS SENTENCE
WITHOUT EXERTING ANY
EFFORT FOR NEW TRIAL

[BY ASSOCIATED PRESS.]
Chicago, March 16.—William Chen-
oy Ellis, Cincinnati leather merchant,
convicted of killing his wife, accept-
ed a sentence of 15 years in the state
penitentiary without making an effort
to get a new trial. Formal motion
for retrial made by Ellis' counsel was
withdrawn and Judge Pett imposed
the sentence set by the jury.

TERRE HAUTE CARS
GUARDED BY POLICE

Street Car Strike in Indiana City Re-
mains Unsettled—May Send
Out Militia.

[BY ASSOCIATED PRESS.]
Terre Haute, Ind., March 16.—Street
cars today were running as usual with
two policemen on each car, but very
few persons attempted to ride the
cars. There were no evidences of
trouble and the police department was
confident of being able to control the
situation.

The warnings sent here late yester-
day by Gov. Ralston that eighteen
companies of militia would be placed
here with the delay should condi-
tions warrant, had a tendency to pre-
serve order.
Labor union interest centered in the
appearance before the federal court in
Indianapolis today of union officials
who have been active in the organiza-
tion of the street car men's union
when the matter of any violation of
the injunction recently granted the
traction company to prevent the call-
ing of a strike was taken up. Also
an effort will be made to fix the
responsibility for the calling of a
strike on Saturday night which re-
sulted in a riot when many cars were
wrecked and several persons injured.

STRIKE DETECTIVE
GIVEN PRISON TERM

Pleads Guilty to Kidnapping Miner
During Trouble—Is Initial Con-
viction on Charge.

[BY ASSOCIATED PRESS.]
Green Bay, March 16.—Richard E.
O'Grady, a detective, pleaded guilty in
municipal court this morning to
kidnapping Glen Huber, a Western
Federal miner, in taking him from
Green Bay to Houghton, Mich., Jan.
20th. He was sentenced by Judge
Monahan to a term of one year at
Walupun.

Kidnaping charges have been
made in labor troubles in recent
years, notably in the McNamara
cases, but it is believed this is the
initial conviction in a labor dispute.
O'Grady, before upon extradition
before Governor Ferris at
Lansing, Mich., Feb. 19th, he claimed
at the hearing that his arrest was a
frame-up by the Western Federation
of Miners.

CHILD IS CRUSHED
TO DEATH BY LOG

Seven-Year-Old Boy Falls Ahead of
Rolling Log and Is Crushed To
Death.

[BY ASSOCIATED PRESS.]
Marinette, March 16.—While play-
ing with several other children upon
a huge log which rested on an icy en-
bankment at the side of the railroad
track, Maurice Sanstrom, aged 7, was
yesterday crushed to death when the
log rolled over his body.
Poised on the log the Sanstrom
child laughingly called to his play-
mates to follow him. No sooner had
he called than the log started to roll
down the embankment. With a cry
of fright he was thrown ahead of the
log directly in its path, the log passing
over his body crushing him to death.

CANADA MAY REDUCE

Government Proposal Will Favor Re-
moval of Duties on Farm
Implements.

[BY ASSOCIATED PRESS.]
Winnipeg, Man., March 16.—It was
reported here today that the Cana-
dian government, when the annual
budget speech is delivered this month
in Ottawa, will announce a substan-
tial reduction in duties on agricul-
tural implements. It is understood
that on binders, reapers and mowers
the duty will be reduced from 17 1/2
to 10 per cent, a corresponding cut
made in the duties of other farm im-
plements. Strong pressure is being
brought to bear upon the government
to make a duty of 10 per cent on all
implements. The reduction, if rat-
ified, will go into effect by April 1st
and will greatly encourage the sale
of United States implements in west-
ern trade.

Furbelows and
Flounces

Fashion decrees the returning
to the separate skirt
and the making of the skirt a
thing of furbelows, frills, and
flounces.

The stores—those "fashion
indicators"—are already showing
the new style notes and tell-
ing about them in their adver-
tisements.

It used to be that the news
columns of the newspapers
made the fashion announce-
ments first; but nowadays the
stores are so alert and so anx-
ious to be first in these an-
nouncements that much of the
latest fashion news is in the
advertising columns.

Any person who wishes to
keep up-to-the-minute on the
new fashions must be a reader
of the advertising in live news-
papers like The Gazette.

The advertising columns are
the mirrors that reflect the at-
tractions of the merchants and
manufacturers. These men live
by services.

They must make their adver-
tising timely and interesting
just as they make their mer-
chandise desirable and fair in
price.

The news of the frills and
furbelows is only one side of ad-
vertising.

Read the advertising and
keep informed.

TAFT IN MINNESOTA
TO GIVE LECTURES

Former President at Minneapolis to
Conduct Course at University
Law School.

[BY ASSOCIATED PRESS.]
Minneapolis, March 16.—Five days
of activities were begun here by for-
mer President William H. Taft this
morning. The prime reason
for Mr. Taft's coming was to de-
liver a course of four lectures before
the University of Minnesota law
school beginning this afternoon at
four o'clock. He has, however, ac-
cepted invitations to dinners, lunch-
ons and other functions sufficient to
keep him well occupied throughout the
week.

The former president was welcomed
by a committee on his arrival and es-
corted to a hotel where he was the
guest at a private breakfast tendered
by William H. Eustace and attended
by a number of professional and busi-
ness men. At noon he was the lunch-
eon guest of the University club.
This afternoon he attended the
first service of the late Charles A.
Willard, whose death occurred last
Friday night. Mr. Taft and Judge
Willard were warm personal friends,
the two men serving the federal gov-
ernment together in the Philippines,
the former as governor general, and
the latter as justice of the islands'
supreme court.

DECLARES FADDISH
DANCES UNHEALTHY

Slouchy Walking in Modern Dance
Spoiling Grace of Students, Claims
College President.

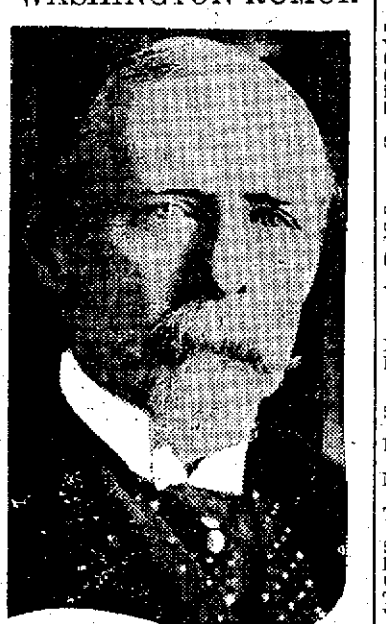

[SPECIAL TO THE GAZETTE.]
Columbus, O., March 16.—Faddish
dances are unhealthy. Such was the
declaration today of Dr. H. Shindle
Wingert, athletic director at Ohio
state university.
"This slouchy walk that masquer-
ades under the name of a dance is
ruining the poise and natural grace
of half our students," he said. "It
is a very bad habit upon observation
that this walk is unhealthy. It
tends to cause stooped shoulders
and flat chests, which interfere with
normal respiration. College students
dance more than other people, and
naturally are the first to be affected."
"The many variations of the 'castle
walk' and the 'fish walk' require only
locomotion. The result is that the
exercise in dancing is lost. Instead
of the flat chest and stooped shoul-
ders." Dr. Wingert declared that
the new dances taught under uni-
versity supervision apparently have
been forgotten. The reason for this, he
said, is due to the fact that in dan-
cing new steps are being introduced
what they are doing and that cannot
be done while carrying on a conver-
sation.

THIEF ROBS WOMAN
EARLY SUNDAY EVE

Miss Clara Carey Robbed of Eleven
Dollars by Daring Purse-snatcher
on West Bluff Street.

A daring purse-snatcher robbed
Miss Clara Carey, residing at 1014
West Bluff street, of her hand-bag
containing over eleven dollars, Sun-
day evening, shortly before seven
o'clock near the St. Paul railroad sta-
tion on West Bluff street. The act
was done so quickly and without
warning, that Miss Carey was unable
to catch sight of the thief as he
dashed around the Van Houten resi-
dence and escaped.

This morning the hand-bag with the
inside purses were found in the Fi-
eld lumber yard with the money and
contents missing. The thief probably
ran into the lumber yard and discard-
ed all but the money and then es-
caped from the city. Miss Carey had
left the interurban car and was on
her way home, when she heard a man
running behind her, apparently to
catch a train, and she stopped over to
one side of the walk to allow him to
pass her. After he had passed the
thief walked up from behind and
grabbed the hand-bag and before she
could make an outcry or catch sight
of his face, disappeared around the
house. The police searched every
passenger and freight train, watching
the crossings where vagrants had
been in the habit of catching trains,
but no trace of the culprit could be
found. As they have no description
of the man his apprehension will be
hard to make.

"ADEE MAY RESIGN,"
WASHINGTON RUMOR

Alvey A. Ade.

Alvey A. Ade, who has been sec-
ond assistant secretary of state for
nearly thirty years, is reported as
about to resign his position. The
rumor also says that he has set the
time for June 1.

AUSTRIA FIGHTING
RUSSIAN ESPIONAGE

Nine Russians Under Arrest Charged
With Spying on Government
Affairs in Galicia.

[BY ASSOCIATED PRESS.]
Vienna, March 16.—The second
stage of the attempt to unravel the
alleged extensive Russian espionage
campaign in Austria was opened to-
day by the Austrian government.
Nine Russian subjects were placed on
trial before the provincial court ac-
cused of being employees of the Aus-
trian military secrets, especially in re-
gard to Galicia where the Austrian
Russian frontiers run side by side.
The accused are all civilians. They
include two women, one of whom
Nora Baran, a youthful and very at-
tractive, and is alleged to have suc-
ceeded in obtaining much information
from susceptible officers at Lemberg.
The first stage in the campaign
against espionage was marked
by the suicide of Colonel Alfred Redl,
chief of the general staff of the 8th
Austrian army corps, whose headquar-
ters were at Prague, Bohemia. He
shot himself in 1912 after his treason
had been discovered. It was stated
at that time that he had been given
an opportunity of taking his own life
instead of being brought to trial.

WOMAN IN HYSTERIA
REPUDIATES HUSBAND

Claimed She Was Dorothy Arnold, a
New York Society Girl, Who Is
Missing.

[BY ASSOCIATED PRESS.]
Los Angeles, March 16.—Mrs. "Ellie"
Splawn-Miller-Odell, the young wo-
man who created a sensation by
claiming that she was Dorothy Ar-
nold, the New York society girl who
vanished from the house of her father
in 1910, was held in the city jail here
today while detectives hunted for a
physician and another man said to be
Mrs. Odell's husband, to be responsi-
ble for her disappearance.
Physicians who examined the young
woman said she was suffering from
acute hysteria apparently induced by
hypnotic influence, that she had re-
cently been under the influence of a
powerful drug, which according to
police, the woman admitted. His
Mrs. Odell yesterday repudiated her
husband, her sister and even her
mother, refusing to admit her rela-
tionship to any of them.

START DAMAGE SUIT
AGAINST INTERURBAN

Thomas Walsh, Jr., of Beloit Seeks
Compensation For Company
for Injuries.

A jury in the case of Thomas Walsh,
Jr., of Beloit, against the Rockford &
Interurban company to secure dam-
ages for alleged injuries which he re-
ceived in an accident for which he
would hold the company responsible,
was drawn in the circuit court this
afternoon and the initial testimony
of the plaintiff was received. Dux-
bury, Conzett & Pettigrove have
the case for the plaintiff and T. S. Nolan
for the defendant. The jurors not
drawn on the case were excused until
Wednesday morning at nine o'clock.
Judge Grimm today led his findings
in the Elvira L. Edmonds will case,
his decision being in favor of the
plaintiff, Oscar L. Dudley, who brought
suit to secure the specific performance
of a contract for marriage with be-
tween his late wife, Louisa C. Dudley
and Elvira L. Edmonds. Under the terms
of the decision the estate, which
amounts to some \$6,500, will go to
Dudley, who was provided for in the original
will of Miss Edmonds.
The trustees of the Baptist church
of Evansville and two cousins of Miss
Edwards who reside in Chicago, who
were made beneficiaries under a later
will, are losers by the ruling of the
court, the later testament being
thrown out.

SWITCHING CHARGES
BEING QUESTIONED

Commercial Club Holds Weekly Meet-
ing Committee to Meet Soon.

No business of importance was
transacted at the weekly meeting of
the Commercial club, held at the
Bryant hotel this noon. J. P. Cullen,
vice president, called the meeting to
order, and some discussion relative
to the proposed individual switching
charge took place. The commit-
tee of the club was instructed to
file a statement protesting against
the charge with the commerce com-
mission.

There are twenty-seven cases on the
calendar for the special March term
of the probate court which opens
Tuesday, March 17. Following are
the cases:

Wills: Mary Newell, William H.
Whit. Administration: John E. Baum.
Claims: John C. Pierson, Samuel
Bell, Courtland H. Bliven, William W.
Malby.
To amend record: Michael Mathias.
Sale of real estate: Sarah A.
Seales.
Inheritance tax: Sylvester Morgan,
David Walrath.
Guardianship: Emma Hain, Fred
Manning.
Appointment of trustee: William
T. Van Kirk.
Final account: John C. Stanton,
Samuel J. Cleland, John B. Chas.
Jette, Bigelow, Lois Mitchell, Jeremiah
Crowley, Philander T. Barrett, Letta
Turner, Charles E. Sinnamon, Maggie
Withers, William Menzies, Rexaville
Brand, Eliza Wells.

Divorce Granted: Ella Noyes of
Beloit was granted a divorce from
William Noyes, a resident of Illinois,
by Judge Grimm in circuit court this
afternoon, the grounds being habitual
drunkenness and cruelty. No dis-
posal was made of the two children,
who are self-supporting.

TWENTY-TWO BRIDGE
BURNERS WAIT FOR
CAPTURE BY TROOPS

Bitter Feeling Arises at San Diego,
Over Killing of Johnston Near
Mexican Border.

[BY ASSOCIATED PRESS.]
Naco, Mex., March 16.—Consti-
tutionalist troops sent from here and
surrounded the party of federalists who
destroyed two railroad bridges on the
Cannanea railroad yesterday. Rebel
officials on the border expected to hear
of their capture and execution at any
time. There were twenty-two men in
the party of bridge burners, accord-
ing to reports.

Fighting Begins.
El Paso, Tex., March 16.—Verifica-
tion of rumors that the Mexican fed-
eral army had met the rebels near
Torreon and fighting had occurred,
was eagerly awaited here today. Gen.
Villa, commander of the rebel forces,
in a statement from his headquarters
at Cuernavaca, said there was no truth
in the rumors that the federalists had
advanced northwest from Torreon to
meet him.

At the same time it was announced
that a Juarez across the border from
here, under a censorship had been in-
augurated. The telegraph lines
between Chihuahua and Juarez.

Bitter Feeling.
San Diego, Calif., March 16.—Bitter
feeling caused by the killing, Satur-
day night, of Frank V. Johnston, post-
master at Tecate, near the Mexican
border, and the burning of the United
States customs office and postoffice by
bandits, continued today.

Secretary of State Bryan and Gov-
ernor Hiram W. Johnson of California
have been asked by relatives of the
dead man to make an investigation of
the affair. According to information
received here, three bandits, said to
be Mexicans, were taken through the
heart, when he refused to give
them the combination of his safe.

Nothing Definite.
El Paso, March 16.—There has been
no important fighting at Torreon, at
Chihuahua. Dispatches from the As-
sociated Press correspondent last
night reported the situation quiet ex-
cept for the orderly movement of
rebel troops in the direction of re-
spected battle and a high rebel official
tailed directly with Gen. Villa from
Juarez at the request of newspaper
and villa denied there was any
basis for a battle story.

BOY ESCAPES FROM
JAIL SUNDAY NOON

Joseph Badman, Escaped Waukeesa
Youth, Makes Get-away From
Rock County Jail.

When Judge Maxfield had disposed
of the regular cases in the morning
session at the municipal court, he
started reading the complaint against
Joseph Badman, alias John Long,
whose examination was set for this
morning. "State of Wisconsin against
Joseph Badman," read the judge. Here
he was interrupted by Sheriff Whipple,
with the information that the sixteen
year old boy had escaped from the
county jail Sunday noon where he was
held since Friday, and made a suc-
cessful get-away.

The youth was arrested for stealing
a bicycle and the court adjourned his
case until today to investigate his
story. It was found that he was a re-
form school fugitive and had been in
the Madison court for house-breaking,
and the court was prepared to punish
the boy this morning or send him
back to the reform school for violat-
ing his parole. Badman, when com-
mitted to the jail, wormed himself in-
to the confidence of the jailers and
was not locked up, but allowed free-
dom around the corridors and worked
helping in the sweeping of the cells
and on Sunday morning expressed a
desire to attend church, which was al-
lowed him, being accompanied by Mrs.
Whipple.

At noon Turnkey Wogan received a
call and Deputy Sheriff Charles
Shimel was in charge, when Badman
went down stairs and opened the fire-
place. Here he unbolted the door and
left without his overcoat and made
good his escape.

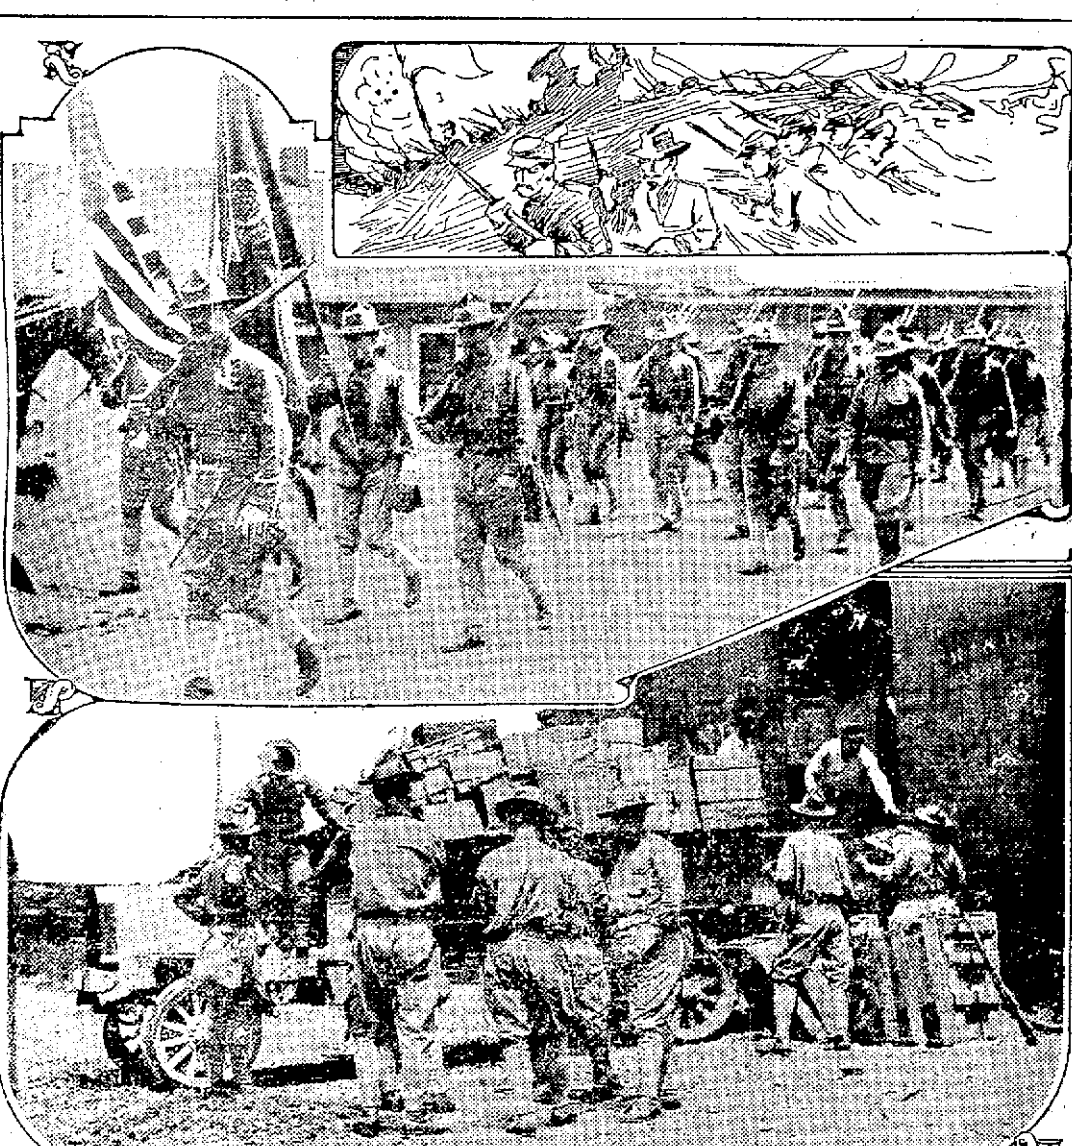

Marriage Licenses: Marriage li-
censes have been issued to the fol-
lowing: Henry E. Pierce of Milton
Junction and Harriet B. Park of Ed-
gerton; John Hansel, Jr., and Millie
B. Dunbar, both of Beloit; Paul
Danevov and Jennie V. Ellis, both of
the town of Plymouth.

PRINCE SLATED FOR
IRELAND'S VICEROY

Prince Arthur of Connaught.

It is almost definitely decided that
Prince Arthur of Connaught is to be
the first home rule viceroy of Ire-
land. There was some talk of his
succeeding his father, the Duke of
Connaught, as governor general of
Canada, but this will not now take
place, unless the Unionists are suc-
cessful in preventing the government
from establishing a parliament in
Ireland.

TEXANS' FEARS QUELLED AS MORE U. S. TROOPS PATROL BORDER

Ninth Infantry leaving for Texas border.

The fears of Texans living along the Mexican border have been allayed by the arrival of the Ninth and
Seventeenth U. S. infantry at Eagle Pass and Laredo. This force, it is believed, will be sufficient to prevent
Mexicans crossing into Texas and seizing property of Texas citizens.

IRA HAS A RARE SENSE OF HUMOR.

Sport Snap Shots

One of the English papers put one on all the competition by appearing the day after the game with a "sure-shot" American account of the game, written by a real slangy American sport writer. Get this: "Once or twice Faber and Benz, the pitchers, hurled some good stuff which made the crowd think, but mostly they kept to the good, straight shots."

"Robert smacked a ball right across the diamond and made such a bally song of it that it plumped clean among the crowd."

"Some of the batters fanned the ball more times than I fancied."

"When a batter fans the ball four times running and has to leave it without a whack at it, it makes you feel some sad."

"People seemed to be surprised when some of the batters used the southpaw and were even more struck when some of the southpaw men got in some slogs."

"Lee Magee gave the Giants a hitchup by doing stunts in left field."

"The shortstop buttered the ball."

A little cold that Johnny Kilbane picked up several weeks ago is going to prove more expensive to him than many an operation for appendicitis. As a result of the cold, for a few days, Kilbane has been feeling far from chipper for some while and Jimmy Dunn, his manager, refuses to let him work. Dunn has figured it up that Kilbane's cold will cost just about \$5,000. He has been obliged to call off his boutcovered.

WILL START TOURNAMENT FOR LOCAL BOWLERS AT MILLER'S ALLEYS TONIGHT

The first night of the bowling in the new city tournament at Miller's alleys promises to be a noisy and high-scoring one, for winners in the first tournament are billed to perform and start the entry list.

While the entry list in this tournament, as yet, is not as large as the previous

one, the scores should be closer and the individuals will meet with closer competition as the crack bowlers have been divided up better. Neighbors and Osborn, of the Miller's five, who defeated Merrick and Cook some time ago, for a two-men five game total pin contest, extend a challenge to any double team in the city under the same rules, for title honors in Janesville.

Tonight's Schedule.
Doubles—Abraham and Rattery;

Neighbors and Hayes.
Singles—Cook, Newman, Piepkorn and Pengra.
At the Smoke Shop.
Dr. Thuermer in the Smoke Shop billiard tourney, leads the column in the matter of games played, having only lost two matches out of seven. Gsell and Johnson have a percentage of one thousand, having only played a game apiece. The standings are as follows:

Both Illinois and Indiana Have Closed Basketball Season—
Iowa Playing This Week.
Wisconsin high schools do not make it possible to hold their annual basketball tournament at Lawrence College, until the latter part of March, any year. The reason is that Badgerdom is filled with so many teams that it is utterly impossible to settle matters until a late date.

The Illinois state tourney was held at Deering last Friday and Saturday, 1913 state champions, won the title of the Hoosier state again this year. Iowa are playing their meet off this week. Wisconsin will play off their tourney games the latter part of next week.

Janesville Ready.
The Janesville highs are ready for the state meet, whether they play elimination games or not. With every man primed to the minute, Coach Curtis is confident of upsetting the mascot dope that La Crosse is the best team, by indicative scores, and capture the state title for the second successive time. Capt. Hemming is confident of winning and expects that Janesville will make a clean record. Dalton and Stewart are expected to shine at guards, with Hemming, as Weiss's superior, at center, and Atwood and Stickney the stellar forwards. It is expected the team will leave on Wednesday noon of next week, as they have done in previous years. A good crowd of rooters will make the trip with the team.

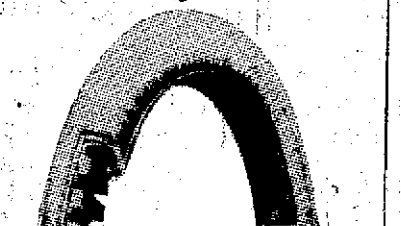

BRITISH AIRMAN TO FLY THE ATLANTIC

Lieut. J. C. Porte.

Lieut. J. C. Porte, R.N., one of the most distinguished of Great Britain's airmen, has been selected to be one of the two pilots to take the Rodman Wanamaker monster hydroplane across the Atlantic ocean this summer. The machine in which the flight is to be made is now in course of construction under the supervision of Glenn Curtiss, the American aviator.

HEBNER BETTERS WORLD TANK MARK

Harry Hebner.

At the recent indoor swimming championships in Chicago, Harry Hebner established a new world's record of 1:31.1-6 for the 150-yard swim and equaled the world's mark of 1:03.2-5 for 110 yards.

LEWIS HAILED AS WRESTLING CHAMP

Ed ("Strangler") Lewis.

Ed Lewis, the Kentucky Strangler, has won wide reputation in the wrestling world by the use of his famous strangle and neckyoke holds. Lewis revived the strangle hold, but he actually invented the neckyoke, and with it has won many battles. In Chicago recently Lewis was hailed by the wrestling public and critics as the coming champion of the world and his six straight victories there gave him a large following in many parts of the country.

Lewis was born in the West, twenty-three years ago, but for the last two years he has lived at Lexington, which city is identified with his reputation. Lewis has defeated Dr. B. P. Roller, William Demetral, "The Mysterious Conductor," and many other crack mat-artists. Lewis is six feet one inch in height and tips the scale at 202 pounds.

BADGERS WIN WITH BUT FOUR PLAYERS

Capt. Kober and Three Assistants.
"Trounce Maroon Players at Y."
M. C. A. While Midgets Trim Cards.

The B Junior basketball league at the Y. M. C. A. is getting real interesting now that the teams are fighting harder. Saturday's games were the best of the season. The Badgers, captained by Kober, trimmed the Maroons under Capt. Hogan, with four men, the final score being 21 to 16. The Midgets won the second game of the morning from the Cardinals by the score of 24 to 9. The lineups and scores of both games follows:

Badgers—Ryan and Kober, 1; Fein, c; Sprackling, g.
Maroons—Williams and Davis, f; McCue, c; Hogan and Persson, g; Wilcox, sub.
Baskets—Ryan, 3; Kober, 6; Fein, 1; Davis, 2; McCue, 2; Persson, 2; Wilcox, 1; Hogan, 1.
Free throws—Kober, 1.
Midget-Cardinal Struggle.
Midgets—Denning and Cassidy, f; Lane, c; Russell and McKellips, g; Navok, sub.
Cardinals—Kemmett and Skelly, f; Buell, c; Finley and Kimball, g.
Baskets—Denning, 4; Cassidy, 2; Lane, 3; Russell, 1; Navok, 1; Buell, 2; Kimball, 1.
Free throws—Denning, 1; Cassidy, 1.

Very Many Like Him.
Sometimes children are more observant than they are credited with being. Little Rob's mother, for instance, was telling a visitor how "masterful" another neighbor was in his home life when Rob, unnoticed beside her, put in his little ear. "I don't think Mr. Tate is so awful bossy, mamma," he remarked suddenly. "Course he does a lot of talking, but he never makes Mrs. Tate do a thing she doesn't want. I've noticed that."

Folly of Haste.
To be in haste is to be in anxiety and distress of mind. It is to mistrust Providence, and to doubt that the issue of all events is in wiser hands than our own. It is to disturb the course of nature, and put overmuch confidence in the importance of our own endeavors.—Henry Van der, "The Ruling Passion."

WEATHER FORECAST.

Fair tonight and Tuesday. Cooler. Brisk west winds diminishing.

OLD MEXICAN TREATY.

Just at this time anything that pertains to Mexico and the Mexican government of past decades is interesting to the public. While Wilson is following out his policy of watching and waiting patiently for Huerta to either resign, die or be assassinated, the old treaty between this country and Mexico, which was proposed in the sixties is most interesting reading. Had it been enacted it would have put a different face upon the present situation. This proposed treaty was negotiated more than half a century ago, between the United States and the Republic of Mexico, which, if ratified, would have authorized the United States "to intervene in support of its own citizens whenever Mexico may be unable to guarantee the same, without incurring the obligation or necessity of a general intervention in the domestic affairs of that country."

The treaty had been lying in the secret archives of the senate committee on foreign relations since January, 1860. The injunction of secrecy was removed yesterday by the senate, and the document ordered printed for the use of members of that body.

A SPOTLESS CITY.

Why not make Janesville a spotless city? Why not start in the spring and have a general cleaning period. It need not be one day, it need not be accomplished in one week, but a general overhauling of yards, streets, houses, inside and out, and public buildings as well. Perhaps it would be well to shake some of the dust off some of the city employees at the same time and tell them to wake up. But to get back to the subject, the "Spotless City." It is a good idea. It is one that is fraught with much interest to the housewife, to the property-owner. The Civic League is doing its share in seeking to keep the city clean. It had its spring cleaning days last spring and fall, the smoke of the piles of rubbish burned in the fourth and fifth wards rising to the heavens as an offering to the Gods of cleanliness. Its effect has been seen in the general health of the city for the past winter. While Beloit and other adjacent cities reeked with diseases, Janesville has been particularly clear of them. The old saying that "cleanliness is next to Godliness" is true. Try it. Work out some plan at home for making changes and alterations in your house, in your yard. Plan for flower beds, plan for painting and papering, plan for a general overhauling of that attic that has long been the bugbear. Of course this period is one that is not appreciated by the head of the house, but never mind him. Make Janesville a spotless city if possible.

TAX DISCUSSION.

Up at Madison they had a meeting similar in nature to that held in Janesville two weeks ago. At this meeting Charles Pierce of this city, who has given much time and attention to the expenditures of the state government in its different departments, including the university, gave a most interesting talk. The ultra reform press of the state may attempt to belittle these meetings but their significance can not be overlooked. Even the most astute politician sees their importance and is showing his course accordingly. There is no hint of statism in the organization, despite the efforts of the two Newses, the Milwaukee and Beloit, but just the plain talk of plain men who are tired of the present method of doing business. Even the mighty Caesar was told, "Beware the Ides of March." His failure to do so brought about his death.

DECEMBER AND MAY.

It is announced that Secretary McAdoo, one of Wilson's cabinet members, a grandfather himself, is to wed the President's second daughter. It is to be an Easter wedding, they say, a gay one they report. Certainly President Wilson has used the White House to an advantage since he became its occupant. Two daughters in one year is a pretty good record for the most enterprising "Mama" to wish for.

State Superintendent Cary has started in again on the university and it should keep President Van Hise at home at least part of his time at any rate, to answer the thrusts that are being made at his methods of handling the finances of the great institution the state should be proud of, but now looks at simply in the shape of a monster which seeks to devour all the state taxes it can.

The Janesville school board has taken up the matter of investigating the stories of conduct of students at various athletic contests and it is to be hoped that the affair will not be whitewashed as it is bad enough to

have to call the attention of the public to such affairs but sometimes radical action must be taken when those in authority are so blind they will not see what everyone else talks of openly.

Remember that the office of municipal judge is to be filled at the coming April election so the day is one on which every citizen should be at the polls to express his choice in this matter at least.

These pre-primary days bring out lots of queer tales of deals and double deals and deals within deals on the part of various candidates and their campaign managers. However it will soon be over and we can settle down to the real campaign of the year, the September primaries when candidates for governor, for United States Senator, for congress and for the legislature are to be decided upon.

Candidate Roethe plans to "walk his way into the gubernatorial chair." Maybe he will. Funnier things than that have happened in this state of ours in the past few years. One man has talked himself into it and his talk has cost the taxpayers millions of dollars.

If Tommy Adams does not look out he will over write his explanation of the high taxes. He has a preface pen and turns out yards and yards of figures that are convincing to some but not the least truthful in detail when subjected to the acid test that the tax payers are giving them.

Perhaps that ground hog was right after all, but still—well, it has snowed in April before this so this is no criterion to go by. The first warm days always bring in spring fever and the best thing to combat this evil is a dose of good, hard work.

Even candidates for county office had best be on the right side of this tax question before they begin to make claims for the nomination for various offices. That is one of the questions going to be asked them and they had best either keep a close mouth or at least side with the farmer constituents if they wish that vote.

The anti tax payers press throughout the country are asking who is paying for the investigation of the state affairs by the independent voters? They seem to think that everything is graft or has some graft connected with it unless they have a finger in the pie and then everything is smooth sailing.

If you haven't spaded your garden yet wait a few weeks. Perhaps some of your neighbors will have it done for you by that time. Meanwhile read your seed catalog and plan what you are going to plant when the time comes.

It is about time for surveyors to start work mapping out another route for a proposed road between Janesville and Madison. Beyond talk nothing has been done for some months past.

On the Spur of the Moment

Grand Opera. Grand opy as a form of entertainment can't be beat. I love to cough up ten good bones and buy myself a seat. To hear some howling tenor from some low-browed foreign land come forth and yell a lot of stuff that I can't understand.

I simply dote on listenin' for sev'ral mortal hours. While them high-pitched sopranos exercise their vocal powers; I think I get my money's worth, oh, yes, of course I do. And I am always sorry when the jam-boree is through.

There's nothing I like half so well and for a chance to go. I'd walk five miles in my bare feet right through the ice and snow. I know what you are thinking, I've got your thought wave quite. You're thinking I'm a liar and I guess you're thinking right.

Uncle Abner. You can't always tell by the size of a feller's head. There may be something in it and there may not. Hank Tumms calls it a punk vaudeville show that ain't got any livin' statuary in it.

It is safer to initiate the birds by singin' than by flyin'. If all the troubles a feller expects should actually happen to him he wouldn't last more'n a day and a half. There is always one safe bet, the postmaster of any town will never be again the administration.

The difference between a warm house and a cold house is generally just the amount of coal you are willing to burn. There are lots of people who like to see a feller git along if he happens to be goin' in the right direction—down hill.

If it wasn't for the crooks and slysters and scoundalmongers this earth would be almost a good enough heaven for anybody. What has become of the old-fashioned barber who used to curl yer hair up over his fingers, Lutie Bibbins made some dumnuts for the church social and now the boys are usin' em for quate pitchin' out back of the postoffice, instid of horseshoes.

The worst thing about bein' a wooden injun is that some foul smellin' cigar store always comes up and stands behind him. Elmer Jones has saved almost enough cigar coupons to git married. The Hard Shell church has had the bottom of the collection plate lined with sticky paper, so that a feller can drot in a quarter and take out 45 cents change as formerly.

The Newspaper Reporter. No, it is not difficult to be a good newspaper reporter. You only have to know what sort of news the people want to read, what sort the editors will accept and where to get it and then all you have to do is to sit down and write in a breezy, entertaining style. You have only to condense fifteen acres of argument into two square inches of space and still do it in an entertaining manner.

You have to combine in your personality the characteristics of a Sherlock Holmes, a Lord Chesterfield, a Thomas A. Edison, a Christopher Columbus, a Samuel Pepys, a David

Belasco, an Anis Besant, an Anna Eva Fay, a Bob Fitzsimmons, a Socrates, a Plato and a George Washington.

You have got to have the mind of a detective, the heart of a deep sea diver, the courage of an African lion hunter, the hide of a rhinoceros, the disposition of an angel, the patience of a cemetery monument, the constancy of a lighthouse and the reticence of a Sphinx.

You have got to know the average yearly rainfall in Kansas, what to do before the doctor comes, how many years it too ito build the pyramids, the pressure per inch of the inside of a locomotive boiler, the influence of formaldehyde upon disease germs, the criminal code, the divorce laws, the automobile regulations, how to remove sticky fly paper from trousers, how to bind a broken leg, the liability of railroads, how many microbes per square inch exist upon a \$20 bill, how much swatted flies bring per gallon, and nineteen thousand, seven hundred and sixty-nine other things. You must be keen, courteous, bright, talented, polite, industrious, truthful, appreciative, firm, neat, respected, resourceful, untiring, genial, trustworthy and well educated.

You must know everything that has happened from Adam down to Woodrow Wilson. That's all. It isn't very hard, you see.

Jesting and Dancing.

It is good to make a jest, but not to make a trade of jesting. The earl of Leicester, knowing Queen Elizabeth was much delighted to see a gentleman dance well, brought the master of the dancing school to dance before her. "Pish," said the queen, "it is his profession. I will not see him." She liked it not where it was a master quality, but where it attended on other perfections. The same may we say of jesting.—Thomas Fuller.

Kalamazoo. Kalamazoo, county, city in same county, and river in Michigan. According to one authority the name is derived from the Indian word "negikanamazo," meaning "otter tail." "Beautiful water," "boiling water" and "stones like otters" are other translations.—United States Geological Survey.

Small, Smaller, Smallest. In a drop of water there are about 2,000,000,000,000,000,000 molecules. If one of these molecules were magnified till it appeared twenty feet in diameter the atoms of which it is composed would look like floating specks of dust. And each atom is like a solar system.

Lyric and Majestic Theaters

"A Strange Melody," a two-part Lubin written by Clay M. Greene, is the feature of tonight's program. Among the other licensed photoplays included is "When the Cartridges Rained," an Edison with Ben Wilson and Gertrude McCoy.

Tomorrow there is a special 10c program, including the "Diagram Exclusive Feature 'Daniel,' with Courtenay Foote as the young prophet, and three Edison pictures of unusual quality. Mary Fuller appears in two, "Comedy and Tragedy," a two-part feature, and "The Ghost of Mother Eve," the second of the "Dolly of the Dailies" series. This is a program that we guarantee to be of the very highest quality.

The program Wednesday is also a special 10c one, including the return date of that tremendous Biograph historical spectacle of the early Northwest "The Massacre."

Saturday, "A Colonel in Chains," the fifth of the Kathryn series.

A Store for Everybody:
Ours is a store for everybody—a great institution. It is permeated with an atmosphere of style—a characteristic which not only covers the more elaborate merchandise—or garment—but reaches even to the most inexpensive lines we sell. Indeed it is an atmosphere of style correctness in everything in which style is concerned; and style of necessity is linked to quality. There is another feature equally important as style and quality—right prices. MRS. JULIA A. MYERS PASSED AWAY SUNDAY

CALLED TO THE WORLD BEYOND AFTER A SHORT ILLNESS.

LONG RESIDENT OF CITY

Came to Janesville With Her Parents in 1843—Married the Late Peter Myers in 1847.

With the death of Mrs. Julia A. Myers, another of Janesville's older residents passed to the world beyond. Coming with her parents to the then struggling village by the Rock, in 1843 Mrs. Myers life has been closely identified with the growth and prosperity of the community where she has spent her life and her death will be most sincerely mourned by all who have been fortunate enough to know her intimately.

Born in Pennsylvania November 9th, 1824, Mrs. Myers came with her parents, Mr. and Mrs. Blakesley, to Wisconsin in 1843, making Janesville their home. Here she met Peter Myers, who had built up a prosperous business, and on July 15, 1847, was united in marriage to him. Four sons and a daughter were born of this union. Charles H. Myers, and John, both of whom have preceded their parents to the world beyond. Walter R. Myers of Vancouver, B. C. Miss Katherine Myers and Peter L. Myers of the world beyond. Peter Myers died March 13, 1888.

Mrs. Myers was a woman of more than ordinary ability, possessed of great energy, industry and of good judgment, and by her efforts aided her husband materially in building up his many enterprises which stand as a monument to himself and his faithful wife. For many years she made her home at the Myers hotel, which building her husband had erected and for many years conducted as a hotel. On his death she removed to her late residence on East street, at the top of the Milwaukee street hill, overlooking the entire city.

A strong lovable woman she has left her imprint upon the city of Janesville that can not be effaced. Until crippled by a cruel fall which made her invalid for many months, Mrs. Myers retained her active interest in civic affairs, entertained her friends at her handsome home and took part in the activities of many of the city's organizations. Among the close circle of her acquaintances she was loved and respected and her death marks the passing of another of those noble women who, at personal sacrifice, worked for others in the city. Her last illness was of short duration, being taken sick on Tuesday last, when pneumonia developed and despite all that the best medical care could do, passed to the world beyond shortly after twelve Sunday morning.

Mrs. W. M. Rean, Word morning received by Mrs. C. E. Tanberg, 435 North Bluff street, of the death of her oldest daughter, Mrs. M. W. Rean of Monroe, Wis. Mrs. Rean had been sick with pneumonia only a few days and her death came as a great shock to her family. She leaves besides a mother, three sisters and seven brothers to mourn her loss. Several of the relatives reside in this city.

Mrs. Jane Hodson. Death occurred at 8:30 this morning to Mrs. Jane Hodson, at her home, 352 Western avenue. She was 82 years of age. She leaves one daughter, Mrs. Mary Goldsborough, of this city, and one son, Robert, of Escanaba, Michigan; also one sister, Mrs. Elliott, of this city, and a brother in Beloit survive.

Funeral will be Wednesday morning at 9 o'clock from the St. Patrick's church. Burial will be made in Mt. Olivet.

Mrs. Charles Eckert. Funeral services for Mrs. Charles Eckert were held this morning at nine o'clock from the home of the deceased at 17th and Eagle street. The interment was made at Mt. Olivet cemetery.

The pallbearers were: Edward Jru, Cleo Eckert, Paul Dooley, Frank Howard, Roy Wells and Edward Neu-mueller.

The Outdoor Nation.

No nation loves nature so much as the German. The Italian travels to get somewhere; the German to travel. The country walk for its own sake is a German discovery. The Englishman's ideal is a park, the German's a wood, and the Frenchman loves his boulevard.

Hardy Siberian Horses.

Siberian horses are sturdy. Journeys of thousands of miles have been made at the rate of forty miles a day by their riders.

Moslems in Africa.

Today, African Moslems number nearly sixty million, about one-third of the total population.

YOUTH GIVEN HEAVY FINE FOR CONDUCT

Otto Buegge Pleads Guilty in Hearing to Second Offense Drunkenness—Evansville Man Fined.

John McDonald, twenty-three years of age, was fined fifty dollars and costs on Saturday night, on his plea of guilty to the charge in municipal court this morning. Complaint had reached the police department, that youths attending the Saturday night dances in the Spanish War Veterans' hall conducted themselves in an obscene manner after the dance, and on Saturday night Chief of Police Ransom sent three patrolmen to the Main street corner to prevent any disturbance.

Otto Buegge, who recently completed serving a long term on the charge of drunkenness, was arrested Sunday night on Franklin street by Officer Thomas Morrissey and brought before Judge Maxfield on the charge of second offense drunkenness. Buegge admitted his guilt and waived his examination. As this charge is covered by the ordinance which prohibits the sale of liquor to minors, the defendant is entitled to a trial, and the case was set for trial for ten o'clock March 23. Not being able to furnish the five hundred dollars bonds set by the court, he was taken to the county jail to await the trial.

Marshall Moore, of Evansville, was fined ten dollars and costs on ten days in jail for drunkenness to which charge he pleaded guilty. Moore was another victim to the rule that the department has enforced against depot loungers and was picked up sleeping in the Chicago and Northwestern station Sunday night.

John Maxwell, one of the five men arrested in the raid on the Northwestern bank office, still maintained that he was not guilty to the charges of drunkenness and with the recommendation of Sheriff Whipple, and the agreement of District Attorney Dunwiddie at Chicago, his case was adjourned for two weeks to give him a chance to make good his promises to remain sober and at work.

To capture a horse thief after a lapse of twelve years was thwarted only by the fact that the thief owned the horse and who made the complaint, this morning admitted he had made a mistake and although the horse he had picked out as his, had the horns, the spurs, rug and bones and a few other marks, the horse was not the right one.

Late Saturday night Louis Schoof, residing just outside of the city limits on the Madison road, reported to Chief Ransom that a horse stolen from him twelve years ago, when William Appleby was sheriff, was hitched in front of the Bismark hotel, and while he would not give "four cents for the horse, he would give a hundred dollars if the thief could be sent to prison." Members of the department remembered the time the horse was stolen and at once made search for the owner. At eleven o'clock Charles Chesbro started to untie the horse when he stopped to Chief Ransom. On closer examination Schoof still insisted that the horse was the one stolen, despite the word of Chesbro that the animal belonged to his parents and had been raised by them.

This morning Schoof looked the horse in question over, by daylight, and admitted his mistake. The police figure that counting twelve years that the horse had been in the city, it would be twenty-three years old, if alive.

Dr. Cole—Buried alive? Impossible! Why, he was one of my patients.

AFFIRMATIVE TRIO LOST AT LA GRANGE

Janesville Speakers Lose 2 to 1 on Decision, But Carry Percentage Margin by 1 1/2 Per Cent.

The Janesville high school affirmative team of debaters met defeat at La Grange, Ill., Friday night, 2 to 1. They carried the judges' percentage marks by one and one-half per cent, however, which is a good margin, although close. The question was, "Resolved that the literacy test is the desirable method in further restricting immigration into the United States."

The Janesville team was composed of Carl Schooff, George Spohn and Karl Frick. Prof. J. T. Shearer accompanied the team to the Illinois city.

Rebuttal on the part of the Janesville men was far superior to that presented by the La Grange speakers. The La Grange team was composed of a young girl student, who made a hit on the platform. She was leader of her team.

The local speakers enjoyed the trip, returning home late Saturday night.

BEATRICE MILLER HOSTESS ON HER TENTH BIRTHDAY

Little Miss Beatrice Miller celebrated her tenth birthday at the home of her parents, Mr. and Mrs. Bennett Miller, at 405 Galea street, Saturday afternoon from three until seven o'clock. Games and music furnished the amusement for twenty little folks, after which a dainty luncheon was served. Many little remembrances were left by her friends. They all departed wishing Miss Beatrice many returns of the day.

ABE MARTIN

A little nicer weather in December or January is about the only thing some folks ever pay for. An old time businessman who used to walk home at noon 'I save a quarter now has a son-in-law who eats more than he earns at a cafe and plays pool till 2 o'clock.

HERE'S BACKER OF NEW FED LEAGUE

Charles Weeghman.

Charles Weeghman, of Chicago, the big moneyed man behind the new Federal league, is the most talked of man in baseball fandom today. The story of his life is a romance. Ten years ago he was working for a living. Today he is still working, but with this difference. Now it is said that he is earning one quarter of a million dollars a week. He has a string of restaurants in the Windy City.

AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured in figures, what a terrible array they would present! Through girlhood, wifehood and motherhood woman toils on, often suffering with backache, pains in side, headaches and nervous troubles, are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound made from roots and herbs—can undoubtedly correct. Women who suffer should not give up hope until they have given it a trial.

A HAPPY CHILD IN
JUST A FEW HOURS

When cross, constipated or if feverish give "California Syrup of Figs" then—"don't Worry."
Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.
When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleanser" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

AFTON

Afton, Wisconsin, March 15.—The box social in Brinkman's hall last evening, under the auspices of Solid Rock Camp, R. N. A., was a success both socially and financially. About sixty were present, most of whom spent the early part of the evening at card playing. At nine o'clock William Whitte, as auctioneer, with Elmer Brinkman as clerk, took charge of the sale of the boxes. Mr. Whitte proved so good an auctioneer that the proceeds from the sale amounted to fourteen dollars.

Dancing followed the supper, lasting until one o'clock, with music furnished by Harry Kohl and James Seales, Jr. Out of town guests were: Mr. and Mrs. Albert Stark, Miss Beasie Geffen, Miss Mamie Uehling, Miss Emma Drafaul, Janesville; Mrs. Beulah Gundel, Hanover; Mrs. David Thorne, Beloit; Miss Gundel was called to her home early in the evening by the sudden serious illness of her father.

Mrs. John Lindes, who suffered a stroke of paralysis nearly two weeks ago, is not as well. Her condition is very serious.

Mrs. Owen Gower, who has been spending the past six months with her daughter, Mrs. Charles Geeser, of La Prairie, returned to her home in the village Thursday.

Mr. and Mrs. Albert Stark were the guests of Mr. and Mrs. August Buecke Thursday night.

Miss Mamie Uehling of Janesville, spent Thursday and Friday with her cousin, Miss Ella Uehling.

Mrs. Elmer Brinkman entertained Mrs. David Thorne of Beloit Thursday night.

Floyd Miller of Waterloo, Iowa, has been the guest of Afton relatives the past few days.

Mrs. William Miller and Hattie, daughter of the town of Center, was the guest Sunday of her parents, Mr. and Mrs. Peter Drafaul.

Mrs. Meta Ois attended the mid-winter meeting of the Household Economics club Thursday at the Baptist church of Janesville.

From March 8 to Mr. and Mrs. Fred Hamann of Redwood Falls, Minn., a daughter, Mrs. Hamann, was formerly Miss Eda Uehling.

An electric light has been installed in Peter Williams at the intersection of Johnson and Second streets, which lights up the business section of the village very nicely.

French Remedy for Stomach Troubles

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince you. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, low or bowel, liver and stomach troubles should try May's Wonderful Stomach Remedy. It is now sold here by J. P. Baker & Son.

SHARON

Sharon, March 14.—Harvey J. Hutchinson, son of Mr. and Mrs. T. H. Hutchinson and Miss Mary E. Brubaker, daughter of Mr. and Mrs. E. P. Brubaker of the White Oak neighborhood in the town of Chemung, were married last Sunday by Rev. E. Lumsden of Harvard, Ill., the ceremony taking place at the clergyman's home. Sharon, Wis., will be the future home of the young people who are highly regarded by a wide circle of friends.

Last Wednesday morning when Charles McNish, who resides west of Sharon, was returning from taking his milk to the neighbors, one of his horses fell dead in the road. Heart trouble seemed to be the cause.

Two additional candidates for the postoffice at Sharon, Wis., have appeared of late in the person of Chas. Morris and Stephen Conley, whose advent into the race makes six who are anxious to succeed Frank C. Denmore in the Sharon office.

Mr. and Mrs. Thomas Reid are surely passing under an unlucky star. Only two weeks after their marriage, Mrs. Reid, who is well known as Florence Knaub was taken to the cottage hospital, where she submitted to an operation for appendicitis. After two weeks she was taken home and her husband, who was afflicted with the same sickness was taken to the hospital where he is now recovering from his operation.

Dr. M. V. DeWire is in receipt of a letter from Prof. E. D. Richardson of Bayfield, Wis., in which he gives an interesting account of the sport being enjoyed in that vicinity. It is fishing through the ice in Lake Superior. Lines 100 feet long are used and these are equipped with No. 9 hooks baited with herring. Lake Trout weighing from sixteen to forty pounds are caught in large numbers. Prof. Richardson is well remembered in Sharon, where he has been a very successful professor in the Sharon High school for the past six years.

Orfordville, March 14.—Principal E. W. Harrop and family went to Whitewater where they spent Sunday with Mrs. Harrop's parents.

Dr. Forbush and wife are enjoying a visit from relatives from the central part of the state.

Justice Taylor's court was occupied on Saturday with the civil suit of Andrew Gangstad vs. Charles Syntegard.

Elmer Tollefsrud went to Beloit on Friday and will spend two or three weeks attending a school of mechanics, conducted there by the Studebaker Automobile company. A large number of those interested in the proposed ditch which is to

drain the Hanover marsh, went to Janesville on Saturday to air their views on matters pertaining to the ditch before the court.

The Business Men's Association, recently organized in the village, are planning for a dollar day for the purpose of boosting the town.

Miss Esther Barnum entertained for the pupils of her school at the home of her parents on Friday evening. There was a large gathering and a pleasant evening was spent.

REO The Honest Car, \$1175 F. O. B. Factory.

100 MILES PER DOLLAR

Mr. R. E. Olds Claims That Cars Should Be Built To Give That.

Mr. R. E. Olds, builder of REO the Fifth, is reported as saying that a car should give 100 miles of service for each dollar of its price.

The life of a car will largely depend on the care the owner gives it. But REO the Fifth is tested at the factory by 10,000 miles of hard driving. The test cars are run by relays of drivers, and are kept at high speed night and day on rough roads. After 10,000 miles, the test cars are taken apart and inspected. The requirement is that every driving part shall come through that test and remain practically as good as new.

The formulas and specifications for materials are based on this requirement. The test of materials are based on it. The strength of every part, as built today, is based on three years of these radical road tests.

The cost of owning a motor car will come down vastly when all cars are built like this.

How Strong Should Good Cars Be?

Mr. Olds Says "They Should Be As Strong As Necessary, Then One-Half Stronger Still."

Mr. R. E. Olds, who builds REO the Fifth, has been building cars for 27 years. If any man knows how strong a car should be, that man is Mr. Olds.

He gives a car all the strength it needs, and then he adds 50 per cent. For instance, REO the Fifth has a 35-horsepower engine. All the factory tests for every driving part are based on a 50-horsepower engine.

At the REO factory an entire building is devoted to tests and analyses. The steel is twice analyzed. Machines have been devised for giving every part the most radical tests known in car building. There are crushing machines to test gears. There are vibrating machines to test springs. There are dynamometers to test engines.

Mr. Olds is, no doubt, an extremist. But most men would like to know that the cars they drive have withstood tests like these.

Can a Car Stay New Five Years?

Mr. R. E. Olds Says That REO, the Fifth, Should Do That.

In a late announcement he says, "Men buy REO the Fifth on past records. And it will always be so. What men say of new cars counts little. All new cars run well. I am building each car for what men will say after it has run five years. I owe all my success to building cars which stay new."

Automobile Sales Break All Records

The demand for REO, the Fifth, Is Reported As Exceeding Any Previous Year.

Sales of this car, all over the country, are breaking all previous records. The factory output is about fifty per cent ahead of a year ago, but even mid-winter sales have over-taxed the capacity. The factory for weeks has been running overtime to get cars ahead for spring, but sales have constantly kept ahead of the output.

Last year at this time the factory had six weeks' output in its warehouse, so April and May demands were fairly well met. This year, with a larger capacity, it looks as if the demands of the next two months would twice exceed the supply.

As the REO is sold by a thousand dealers, this throws some light on general business conditions. But it also shows the tendency toward extremely well-built cars. The regular standard 12 months guarantee goes with all of our cars. It is not necessary to advertise a two-year guarantee to get people to bite.

EVERY ROCK COUNTY FARMER SHOULD USE ALFALFA ON LANDS

Importance of Growing Alfalfa Paramount in Successful Farming, Declares Prof. West.

It may be questioned why in this series of articles for Gazette readers we are devoting so much space to alfalfa. The answer is simple, because the small acreage of alfalfa in Rock county proves the need of alfalfa education among the farmers. We would like to see alfalfa on every farm in Rock county, and we believe that alfalfa would help as no other one crop to lift the mortgages that now oppress more than half the farms in this "golden spot" of the state. Joseph E. West, vice president of the recently organized National Alfalfa association, has this to say on the subject:

"We wish to see green fields of alfalfa on every farm in America and nothing short of that will satisfy us. Alfalfa means a lot to the land, it means a knowledge of soils on the part of the farmer. Alfalfa is a gentle teacher, but a persistent one, so that the man who understands it at last knows soil right well."

Then we think alfalfa on farms will mean better cows, better horses, fatter steers, more healthy and more profitable pigs, more hopeful farmers and farmers' wives with more money to spend. To put it short, alfalfa means permanent and profitable agriculture, and that is what we wish the American farmer to merge into."

In previous articles we have discussed the problem how to get a stand of alfalfa. The problem now before us is before the farmers who have just succeeded in getting a stand already secured. Failure or at least partial success is quite possible here. If your alfalfa is yellow and sickly looking and thin it may be from one or two causes, either lack of inoculation or lack of lime, or possibly drainage.

If lime is needed it will likely be indicated by the yellow and the crab grass growing as weeds in the alfalfa field.

In this case ground limestone should be spread directly on the established alfalfa field at the rate of two to four tons per acre and stirred into the soil in any convenient way by the use of a spring tooth harrow, a disc or any sort of tool that will do the work.

The effect will be magical and the expense of the lime and its application will be more than met in the increase in the crop. The finer the limestone is ground the more quickly

it is available. Rock county farmers needing lime ought to be able to get it at a very reasonable rate, sometimes for merely hauling it. If it is coarse it is better to apply it more heavily and eventually it will become available. Whatever the price, if the farmer hasn't it in the soil in sufficient quantity he cannot afford to try to farm without it. It is one of the keys to permanent agriculture. Five dollars per acre for liming where needed may easily make a difference in the value of the crop from twelve dollars to twice or three times that figure.

What the farmer needs in many cases is faith, faith in the operations of nature that shall lead him to work in harmony with nature, for "faith without works is dead" in the natural realm as in the spiritual. On it alfalfa is yellow it may be from lack of inoculation. The need of inoculation has been discussed in previous articles, but this matter of inoculating the soil is something so new to the experience of the ordinary farmer that he is inclined to be skeptical about the necessity of it. The fact also that many farms are already inoculated with sweet clover or in some other way, leads many farmers to take their chances with sowing the crop. With the result that their alfalfa dies out the first winter or that which survives is yellow and sickly looking.

The inoculated soil from some nearby alfalfa field may be applied directly to the growing crop and should be applied at the rate of 100 pounds per acre, remembering the directions given previously that the sun should not be allowed to shine upon it. For that reason it is best to sow on a cloudy day towards night and should be immediately harrowed in.

Do not be afraid of the harrow on the alfalfa. When used thoroughly it has increased the value of many a field and prolonged its life of usefulness. Sometimes the alfalfa is weedy. In many cases these weeds are pretty well destroyed by the mower. They become discouraged after having their heads cut off two or three times during the season and give up their space to the alfalfa plants, which, if other conditions are favorable, are growing. Even Canada thistles are said to be eradicated by the alfalfa, also the fine weed or wild morning glory. But the Kentucky blue grass and other grasses frequently grow in and choke out the alfalfa. Let to work their way harrowing the alfalfa will remedy this if used after cutting. Mr. Wing recommends a spring tooth harrow with teeth sharpened into diamond shaped points not more than one inch wide. It will kill the weeds but not the alfalfa.

There are some weeds, however, that even alfalfa cannot down. If dodder, a little parasitic vine with an almost leafless yellow stringlike stem gets possession of the alfalfa the farmer may as well plow it up and proceed to its extermination by planting it to some cultivated crop. In the experience of the writer in raising alfalfa was that he was able to get a successful stand without inoculation as sweet clover grew in adjacent land. On a newly acquired field corn had been grown the previous year but had not been kept clean. Weeds appeared in the alfalfa but with the exception of mustard was left to the destruction of the mower, which was effectual. The piece being a small one, the mustard was given hand treatment being pulled up wherever its yellow blossoms showed their heads above the growing crop.

Alfalfa is a heavy feeder, having an immense root growth, and though it puts its nitrogen in the soil it takes phosphorus from it, and like other plants, needs fertilization. For this purpose barnyard manure and phosphorus are the best fertilizers, the manure to provide humus and the latter to supply that which the crop takes from the soil.

The forms of phosphate recommended are basic slag, bone meal and raw rock phosphate in the proportions of 200 to 500 pounds of basic slag, bone meal and 1,000 to 2,000 pounds of raw rock phosphate. The use of raw rock phosphate without manure is not advised, because in order to do its work it needs to come into contact with decaying organic matter. Basic slag phosphate is especially recommended as a top dressing for alfalfa if it can be purchased at a reasonable price because it contains both phosphoric acid and lime.

Mr. Wing, who is the owner of Woodlawn farm in Ohio, gives results on an unproductive alfalfa field of the application of fertilizer. After growing a small crop in June the ground was harrowed and basic slag applied in strips, using 500 to 1,000 pounds per acre, and acid phosphate at the rate of 500 pounds per acre to another strip, harrowing them in. The third cutting on fertilized strips gave 3,000 pounds of dry hay to the acre. In this case the extra hay cost for the fertilization about \$2.42 per ton.

After the extra hay is cut it will be established you ought to do these things:

First—Take an alfalfa harrow and after first or second cutting harrow it well to take out grasses and weeds.

Second—Feed it yearly with phosphorus.

Third—If land is peaty or light and chaffy add potash to the fertilizer and your alfalfa will do well there.

So treated it will endure for many years. If your farm is overwatered it is not out too late or covered with ice sheet in winter.

No test can tell you how long a roof will last—but this Certain-teed label can and does.

Certain-teed

Qualities: Roofing, Durability, Guaranteed.

KEEP THE ROOFING BUSINESS IN YOUR OWN HOME TOWN.

By George M. Brown, President, General Roofing Mfg. Company

You are sometimes offered mail order roofing for your buildings at prices so attractive that you can't see how you could possibly lose. Sometimes the words "bankrupt," "busted," etc., are used to give a false impression. Stop to consider that firms who build roofing right and who deal squarely with their customers don't go "bankrupt" or "busted."

In buying mail order roofing you are taking a chance on a product you don't know and buy from someone whom you never saw. You are taking a chance on a town and upon yourself and your family when you buy roofing with custom to mail order roofing. In our three big mills we have worked out the best way of producing the best roofing. And we have worked out the way of selling it. We put the best possible tax upon the man who buys it from the dealer who gives him the most for his money and the least possible tax upon the dealer who gives him the best known, best advertised and easily sold.

Certain-teed Roofing has never been and never will be sold through mail order houses. It is sold through the roofing dealer whom you know.

Certain-teed Roofing has never been sold at a "bust" price. Our methods have been progressive and the result has been better.

Every dealer from whom you buy Certain-teed Roofing makes a fair, modest profit in his sale to you. But most important of all, you get more for your money than you have ever been able to get before.

Don't buy "bankrupt" or "busted" mail order roofing. Keep the roofing business in your own home town. Buy Certain-teed Roofing, the roofing which both you and your dealer know will give the best and most permanent protection to your buildings.

The three biggest roofing mills in the world are behind our 15-year guarantee. This guarantee protects you when you buy the best protection for your buildings.

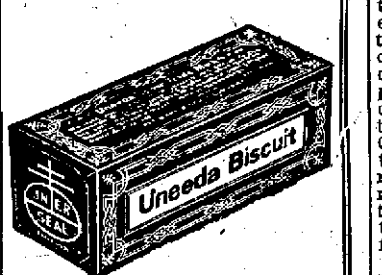

Whether it's a big building or a small one, whether for business, industry or residence—roof it with Certain-teed.

There are roofings priced lower than Certain-teed. Your saving, however, is but a few dollars at the most. Certain-teed is always least expensive in the end. Sold by dealers at a reasonable price.

FARMERS' MEETING PLANNED AT MILTON

Agricultural Topics Will Be Discussed at Gathering Wednesday at College Chapel.

Arrangements have been made by Milton residents for a gathering of farmers on Wednesday, March 18, at the Milton College Chapel, where several speakers will talk on agricultural topics. The Milton schools will be closed in the afternoon so the children can attend and teachers and pupils of the rural schools in the vicinity of Milton have been cordially invited to join in the session. Superintendent O. D. Antisdel, who was apprised of the meeting today, strongly recommended to teachers to make arrangements to be present with as many of their pupils as would be interested in the program. The speakers are as follows:

Prof. A. R. Whitson of Madison, director of the Wisconsin soil survey, who will have an important announcement of interest to farmers in this part of the state.

Hon. J. C. Bartholt, former assemblyman from Rock county, who will talk on "Farming for Profit."

H. E. Holmes, manager of the sales department of the Wisconsin Society of Equity, on "The Equity Movement."

John O. Ockard, who will discuss from 11:15 a. m. to 1:00 p. m. at the village hall. During the dinner the Milton College Glee Club will give a concert of college songs under the auspices of the Milton Forward Movement. The farmers' meeting will be held from 1:15 to 2:45.

Drink Schlitz in Brown Bottles

Read what two eminent scientists have to say about light and its effect on beer in light glass bottles.

"In recent years the observation has been made that the rays of sunlight effect a chemical change in beer. For this reason the use of beer bottles blown from colorless glass is diminishing, bottles blown from colored glass being chosen; the amber colored bottles, which, when held towards the light, show the color of light beer, are particularly to be recommended."

COMMEMORATE FEAST DAY OF ST. PATRICK

Large Audience Present at Entertainment Last Evening in Myers Theatre.

Last evening a well filled house greeted the entertainers who appeared at the Myers Theatre to aid in the commemoration of the feast day of St. Patrick. The program was under the auspices of the local members of the A. O. H. and the L. A. of A. O. H. The entire audience was much pleased with the quality of the entertainment and although there were many numbers on the program the direction of the affair was given with such precision that all numbers were given but one encore.

The address of welcome was given by Rev. Dean Eugene E. Kelly. Toastmaster J. J. Cunningham then introduced Professor McNamara and Miss Mamie Doyle, who gave demonstrations of the Irish jig and hornpipes in which they showed great skill. Miss Marguerite McCullough sang "Rourary Darling" with sweetness that pleased the audience. The four handed old fashioned Irish reel given by Bernice Mahoney, Anna Dalton, William Feeney and James Dronney was extremely interesting. The members of this quartette being all young people.

The address of the evening was by Hon. John P. Dougherty on the great men of Ireland and was instructive and interesting. The speaker has wonderful command of a full voice, and he uses it in such a way as to hold the attention of the audience up to the end of his speaking. Edmund Leary sang "When Irish Eyes Are Smiling," and for those who have heard Mr. Leary there is no comment needed. He possesses a clear, pleasing voice that makes applause spontaneous.

RADFORD, VA., MAN

Rundown and Nervous, Restored to Health by Vinol.

A. D. Robinson, Radford, Va., says: "I was all run down in health, had no appetite and was so nervous I could not sleep at night. Vinol was recommended to me and after using one bottle I noticed an improvement. Continuing its use I was completely restored to health. The nervousness is all gone, I can get a good night's sleep and have a hearty appetite. I can recommend Vinol to anyone who suffers as I did."

Vinol is the greatest body builder and strength creator we know of. The curative elements of the cod's liver, aided by the blood-making, strengthening properties of tonic-iron contained in Vinol, restore the lacking ingredients to the blood, and the result is health, strength and vigor.

If you need building up try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Smith Drug Co., Druggists, Jansville, Wis.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Opton, fill a two-ounce bottle with warm water and drop in one Opton tablet. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results. Right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind or nearly so or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong, magnetic eyes through the prescription here given. The Hollow of Her Hand

"Ah, but you don't know!" Then she related the story of the liberated canary bird. "Hetty understands. The cage door is open. She may return when she chooses, but—don't you see?—she must come of her own free will."

"You will not ask her to come?" "No. It is the test. She will know that I have told you everything. You will go to her. Then she may understand. If she forgives she will come back. There is nothing else to say, nothing else to consider."

"I shall go to her at once," he said resolutely. She gave him a quick, searching glance.

"She may refuse to marry you, even now, Brandon." "She can't," he cried. An instant later his face fell. "By Jove, I—suppose the law will have to be considered now. She will at least have to go through the form of a trial."

She whirled on him angrily. "The law? What has the law to do with it? Don't be a fool!"

"She ought to be legally exonerated," he said. Her fingers gripped his arm fiercely. "I want you to understand one thing, Brandon. The story I have told you was for your ears alone. The secret lives with us and dies with us."

He looked his relief. "Right! It must go no farther. It is not a matter for the law to decide. You may trust me."

"I am cold," she said. He heard her teeth chatter distinctly as she pulled her thick mantle closer about her throat and shoulders. "It is very raw and wet down here. Come!"

As she started off along the long, narrow pier, he sprang after her, grasping her arm. She leaned rather heavily against him for a few steps and then drew herself up. Her teeth still chattered, her arm trembled in his clasp.

"By Jove, Sara, this is bad," he cried, in distress. "You're chilled to the marrow."

"Nerves," she retorted, and he somehow felt that her lips were set and drawn.

"You must get to bed right away. Hot bath, mustard, and all that. I'll

not stop for dinner. Thanks just the same. I will be over in the morning."

"When will you sail?" she asked, after a moment.

"I can't go for ten days, at least. My mother goes into the hospital next week for an operation, as I've told you. I can't leave until after that's over. Nothing serious, but—well, I can't go away. I shall write to Hetty tonight, and cable her tomorrow. By the way, I—I don't know just where to find her. You see, we were not to write to each

other. It was in the bargain. I suppose you don't know how I can—" "Yes, I can tell you precisely where she is. She is in Venice, but leaves there for Rome, by the Express."

"Then you have been hearing from her?" he cried sharply.

"Not directly. But I will say this much: there has not been a day since she landed in England that I have not received news of her. I have not been out of touch with her, Brandon, not even for an hour."

"Good heaven, Sara! You don't mean to say you've had her shadowed by—by detectives," he exclaimed, aghast.

"Her maid is a very faithful servant," was her ambiguous rejoinder.

CHAPTER XVIII.

Disturbing News.

He walked home swiftly through the early night, his brain seething with tumultuous thoughts. The revelations of the day were staggering; the whole universe seemed to have turned topsy-turvy since that devastating hour at Burton's inn. Somehow he was not able to confine his thoughts to Hetty Castleton alone. She seemed to sink into the background, despite the abolition he had been so ready, so eager to grant her on hearing the story from Sara's lips. Not that his resolve to search her out and claim her in spite of everything was likely to weaken, but that the absorbing figure of Sara Randall stood out most clearly in his reflections.

What an amazing creature she was! He could not drive her out of his thoughts, even when he tried to concentrate them on the one person who was dearest to him of all in all the world, his warm-hearted, adorable Hetty. Strange contrasts suggested themselves to him as he strode along, head bent and shoulders hunched. He could not help contrasting the two women. He loved Hetty; he would always love her; of that he was positive. She was Sara's superior in every respect, infinitely so, he argued. And yet there was something in Sara that could crowd this adored one, this perfect one out of his thoughts for the time being. He found it difficult to concentrate his thoughts on Hetty Castleton.

How white and ill Sara had looked when she said good night to him at the door! The memory of her dark, mysterious eyes haunted him; he could see them in the night, about him. They had been full of pain; there were torrents of tears behind them. They had glistened as if burnished by the fires of fever.

Even as he wrote his long, triumphant letter to Hetty Castleton, the picture of Sara Randall encroached upon his mental vision. He could not drive it out. He thought of her as she had appeared to him early in the spring; through all the varying stages of their growing intimacy; through the interesting days when he vainly tried to translate her matchless beauty by means of wretched pigments; up to this present hour in which she was revealed, and yet not revealed, to him. Her vivid face was always before him, between his eyes and the thin, white paper on which he scribbled so eagerly. Her feverish eyes were looking into his; she was reading what he wrote before it appeared on the surface of the sheet!

His letter to Hetty was a triumph of skill and diplomacy, achieved after many attempts. He found it hard not to say too much, and quite as difficult not to say too little. He spent hours over this all-important missive. At last it was finished. He read and reread it, searching for the slightest flaw: a fatal word or suggestion that might create in her mind the slightest doubt as to his sincerity. She was sure to read this letter a great many times, and always with the view to finding something between the lines: such as pity, resignation, an enforced conception of loyalty, or even faith! He meant that she should find nothing there but love. It was full of tenderness, full of hope, full of promise. He was coming to her with a steadfast, enduring love in his heart, he wanted her now more than ever before.

There was no mention of Chellis Randall, and but once Sara's name used. There was nothing in the letter that could have betrayed their joint secret to the most acute outsider, and yet she would understand that he had wronged everything from Sara's lips. Her secret was his. He decided that it would not be safe to anticipate the letter by a cablegram. It was not likely that any message he could send would have the desired effect. Instead of reassuring her, in all probability it would create fresh alarm.

Sleep did not come to him until after three o'clock. At two he got up, and deliberately added a postscript to the letter he had written. It was in the nature of a poignant plea for Sara Randall. Even as he penned these lines, he shuddered at the thought of what she had planned to do to Hetty Castleton. Staring hard at the black window before him, the pen still in his hand, he allowed his thoughts to dwell so intimately on the subject of his well-meant postscript that her ashen face with its burning eyes seemed to take shape in the night beyond. It was a long time before he could get rid of the illusion. Afterwards he tried to conjure up Hetty's face and to drive out the likeness of the other woman, and found that he could not recall a single feature in the face of the girl he loved!

When he reached Southlook in the morning, he found that nearly all of the doors and windows were boarded up. Wagons were standing in the stable yard, laden with trunks and crates. Servants without livery were scurrying about the halls. There was an air of finality about their movements.

"Yes, sir," said Watson, in reply to his question, "we are in a rush. Mrs. Randall expects to close the house this evening, sir. We all go up this afternoon. I suppose you know, sir, we have taken a new apartment in town."

"No!" exclaimed Booth. "Yes, sir, we have, sir. They've been decorating it for the past two weeks. Seems like she didn't care for the old one we had. As a matter of fact, I didn't care much for it, either. She's taken one of them expensive ones looking out over the park, sir. You know we used to look out over Madison avenue, sir, and God knows it wasn't hinderspin. Yes, sir, we go up this afternoon. Mrs. Randall will be down in a second, thank you, sir."

Booth actually was startled by her appearance when she entered the room a few minutes later. She looked positively ill.

"My dear Sara," he cried anxiously, "this is too bad. You are making yourself ill. Come, come, this won't do."

"I shall be all right in a day or two," she said, with a weary little gesture. "I have been nervous. The strain was too great, Brandon. This is the reaction you might say."

"Your hand is hot, your eyes look feverish. You'd better see your doctor as soon as you get to town. An ounce of prevention, you know."

"Well," she said, with a searching look into his eyes, "have you written to her?"

"Yes. Posted it at seven o'clock this morning."

"I trust you did not go so far as to—well, to volunteer a word in my behalf. You were not to do that, you know."

He looked uncomfortable. "I'm afraid I did take your name in vain," he equivocated. "You are—a wonderful woman, Sara," he went on, moved to the remark by a curious influence that he could not have explained any more than he could have accounted for the sudden rush of emotion that took possession of him. She ignored the tribute. "You will persuade her to come to New York with you?"

"For your sake, Sara, if she won't come for mine."

"She knows the cage is open," was her way of dismissing the subject. "I am glad you came over. I have a letter from Leslie. It came this morning. You may be interested in what he has to say of Hetty—and of yourself." She smiled faintly. "He is determined that you shall not be without a friend while he is alive."

Explaining Why They Got Married. In New York recently a lot of post cards were mailed to married men asking them why they had married.

Among the replies was one from a man who wrote: "Please don't stir me up." Another man answered: "I married for company. We now have company all the time—her folks."

Nature Never Intended Woman to be Sickly

As a matter of fact it is her right and her duty to enjoy perfect health and strength—to be just as strong and healthy as man—perhaps more so—in view of the fact that it is she who brings into the world the offspring.

Every woman can be strong and healthy. Don't resign yourself to a delicate life. If you suffer from headaches, backaches, nervousness, low spirits, lack of ambition, or have lost all hope of being well again—it's more than an even chance that you will speedily regain your health if you will try

Dr. Pierce's Favorite Prescription (In Tablet or Liquid Form)

This famous remedy is the result of years of patient research by a physician who has made women's peculiar ailments a life study.

"Les isn't such a rotter, Sara. He's spoiled, but he is hardly to be blamed for that."

"I will read his letter to you," she said, and there was no little significance in the way she put it. She held the letter in her hand, but he had failed to notice it before. Now he saw that it was a crumpled ball of paper. He was obliged to wait for a minute or two while she restored it to a readable condition.

"He was in London when this was written," she explained, turning to the window for light. She glanced swiftly over the first page until she found the place where she meant to begin. "I suppose Hetty Castleton has written that we met in Lucerne two weeks ago," she read. "Curious coincidence in connection with it, too. I was with her father, Col. Braid Castleton, when we came upon her most unexpectedly. I ran across him in Paris just before the aviation meet, and got to know him rather well. He's a fine chap, don't you think? I confess I was somewhat surprised to learn that he didn't know she'd left America. He explained it quite naturally, however. He'd been ill in the north of Ireland and must have missed her letters. Hetty was on the point of leaving for Italy. We didn't see much of her. But, by Jove, Sara, I am more completely gone on her than ever. She is adorable. Now that I've met her father, who had the beastly misfortune to miss old Margaret's funeral, I can readily see where in the saying 'blood will tell' applies to her. He is a prince. He came over to London with me the day after we left Hetty in Lucerne, and I had him in to meet mother and Vivian at Claridge's. They like him immensely. He set us straight on a good many points concerning the Glynn and Castleton families. Of course, I knew they were among the best over here, but I didn't know how fine they were until we prevailed on him to talk a little about himself. You will be glad to hear that he is coming over with us on the Mauretania. She sails the twenty-seventh. We'll be on the water by the time you get this letter. It had been our intention to sail last week, but the colonel had to go to Ireland for a few days to settle some beastly squabbles among the tenants. Next year he wants me to come over for the shooting. He isn't going back to India for two years, you may be interested to hear. Two years' leave. Lots of influence, believe me! We've been expecting him back in London since day before yesterday. I dare say he found matters worse than he suspected and has been delayed. He has been negotiating for the sale of some of his property in Belfast—factory sites, I believe. He is particularly anxious to close the deal before he leaves England. Had to lift a mortgage on the property, before he could think of making the sale. I staked him four thousand pounds, to tide him over. Of course, he is eager to make the sale. 'Gad, I almost had to beg him to take the money. Terribly proud and haughty, as the butler would say. He said he wouldn't sleep until he has returned the filthy lucre. We are looking for him back any hour now. But if he shouldn't get here by Friday, we will sail without him. He said he would follow by the next boat; in case anything happened that he didn't catch the Mauretania."

Explaining Why They Got Married. In New York recently a lot of post cards were mailed to married men asking them why they had married.

Among the replies was one from a man who wrote: "Please don't stir me up." Another man answered: "I married for company. We now have company all the time—her folks."

Nature Never Intended Woman to be Sickly

As a matter of fact it is her right and her duty to enjoy perfect health and strength—to be just as strong and healthy as man—perhaps more so—in view of the fact that it is she who brings into the world the offspring.

Every woman can be strong and healthy. Don't resign yourself to a delicate life. If you suffer from headaches, backaches, nervousness, low spirits, lack of ambition, or have lost all hope of being well again—it's more than an even chance that you will speedily regain your health if you will try

Dr. Pierce's Favorite Prescription (In Tablet or Liquid Form)

This famous remedy is the result of years of patient research by a physician who has made women's peculiar ailments a life study.

Since its introduction—more than forty years ago—thousands of women in every part of the globe have testified to its wonderful merit. You, too, will find it beneficial. Try it now. Your dealer in medicines will supply you or you can send 50 cent stamps for a trial box. Address R. V. Pierce, M. D., Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate stomach, liver, bowels.

Dinner Stories

"Your daughter plays nothing but classic music."

"Yes," replied Mrs. Cumrox. "It is better so. If she plays only clas-

sics we can't be sure whether our annoyances are her performance or the composition itself."

A local band was playing at Dumfries one day when an old weaver came up and asked the bandmaster what they were playing.

"That is the 'Death of Nelson,'" solemnly replied the bandmaster. "Ay, man," remarked the weaver, "ye ha'e given him an awfu' death."

The Smiths live up around Syracuse. In the kitchen of that home there is a servant girl named Nora.

When the earthquake tickled its way through Syracuse a week or so ago Mrs. Smith was reclining in the sitting room on the second floor.

Hearing glass breaking, furniture rocking, and crockeryware cracking, she sprang to her feet and hastened to the head of the stair.

"Nora! Nora!" exclaimed the good woman in an anxious voice, "what an the world are you doing now?"

Man's Heart is Clean. Man is worthy of a fairer life and destiny than any of his leaders have yet devised. The impulses of his heart are better than anything that finds expression in the angry, overstrained acts of his daily struggle.

Some deeper, sweeter tone than the whirr of machines and the clamor of the streets will dominate the time to come.—Collier's Weekly.

Believed Location of Ark. On a farm on the hill of Tara, Meath, Ireland, which is announced to be sold, is the fort, Rath of the Synods, under which tradition says the Ark of the Covenant lies buried. A former owner commenced excavations in search of the Ark but only discovered some gold coins and ancient weapons.

HAVE COLOR IN YOUR CHEEKS. Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—lose your appetite, poor you have a bad taste in your mouth—a lazy no good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 30c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O. All druggists.

HOW TO GET THIS BOOK

"On account of the educational value and patriotic appeal of this book, The Jansville Gazette has arranged with Mr. Haskin to distribute a limited edition among its readers for the mere cost of production and handling. It is bound in heavy cloth. It contains 400 pages, 100 illustrations and diagrams, an index, and two maps (one of them a beautiful bird's eye view of the Canal Zone in four colors). IT IS ACTUALLY a \$2.00 VALUE."

Cut the above coupon from six consecutive issues of the paper, present them with 50 cents at our office, and a copy of the book is yours. Fifteen cents extra if sent by mail.

OUR GUARANTEE: This is not a money-making scheme. The Jansville Gazette will not make a penny of profit from this campaign. It has undertaken the distribution of this book solely because of its educational merit and whatever benefit there is to be derived from the good will of those who profit from our offer. The Jansville Gazette will cheerfully refund the price of the book to any purchaser who is not satisfied with it.
